What Does "Thank You" Really Mean? by Chris Gallatin
When it comes from the heart, from deep inside the nicest feelings and the most special thoughts, "thank you" means so much.
It means thank you for taking the time to show that you care.
It means "you really made my day," and sometimes it means that you really make all the days so much better.
It means you make me feel so nice, and I wish I could do the same for you... just by letting you know how much you mean to me.
"Thank you" means you didn't have to... but I'm so glad that you did.
"Thank you" means that you've done something special that I'll never forget.
Thank You with all my heart--
Couldn't have done it without you all.

Marla Hager

Thank you to all who took on the difficult job of moving all the food in the pantry so the floors could be painted. When dry, all the food had to be returned and put on the appropriate shelves. A huge task with moving food, prepping floor, and painting. It was very much appreciated and needed for our inspections.
