

THANK YOU FROM EUMC FOOD PANTRY DIRECTOR, PAT TIFFANY

I would like to thank people in our congregation who have gone out and purchased items we could not get from Second Harvest especially those who brought canned meats. Meat donations are very low and we are trying to get ahead of this shortage by getting canned meats in stock. We are also thankful to Coronado UMC members, Edgewater Alliance Church members, residents of Lighthouse Cove and Edgewater Landings residents who have also joined in to help with needs in the food pantry. Thanks also to the Edgewater United Methodist Men for their donation.

Our faithful crew have continued to work, with safety changes, throughout the pandemic. I thank all of them for their dedication, hard work and commitment to feeding those in need. We are sharing photos of food being picked up and unloaded by volunteers on Wednesday.
